

Materials List for Texture Workshop: (most could be found at Palace arts)

1. Surfaces to work on....cavasses, (could be a chance to cover over old paintings), or look for inexpensive canvasses at art supply stores or online. (Jerry's Artarama, Dick Blick, etc.) Bring about 6-8 small (no limit) or several big, your choice.
2. Mediums. Bring some acrylic modeling paste, crackle paste, tar gel and/or string gel, pumice gel, etc.
3. Any tissue or other papers that you may want, and I will provide also.
4. A couple of big cheap brushes. (I often use utility brushes)
5. A container for water (big yogurt container) and if desired, a spray bottle.

Bottom line is bring what you can, if you can't find something, don't worry about it.
